

# We want to connect with our community!!!

Engaging and connecting with our community is a major focus at Minmi Public School in 2016.

Are you a keen gardener? A scrap booker? Or a great cook? We are hoping to collect information on the skills that exist in our community to see how we can utilise them in student learning. These don't have to be professional skills necessarily. It could be a grandfather who can come and teach our students how to play marbles or other games during our Learning Pathways activities.

Our aim for 2016 is to have 5 or more learning opportunities that involve a community member and utilise their skills. We would also really love these opportunities to be ongoing, in or outside the classroom with the kids throughout a unit of work.

Please take some time to complete the survey below and return to the school by March 1<sup>st</sup>.

## Please add me to the Community Skills Data Base

Name: \_\_\_\_\_ Organisation if relevant: \_\_\_\_\_

Postal Address: \_\_\_\_\_

Contact number: \_\_\_\_\_ email: \_\_\_\_\_

Skills/ Passions/ Area of expertise or experience:
